

NE-001-COMM

Advanced Planning Concepts - Developing Incident Action Plans

Lincoln, NE

October 20 & 21, 2016

8 A.M. - 5 P.M. Both Days

Sponsored by Nebraska Emergency Management Agency

Overview:

This two -day course, delivered by is designed to immerse the participants in the usage and understanding of the ICS Forms released by FEMA in December 2010. The course will also instruct the Advanced Planning process, and several other critical advanced planning products and techniques. Participants work to develop an accurate, graded, Incident Action Plan and appropriate adjoining products and displays while encountering a variety of stimulus that is experienced in real world incidents. Course scenarios are based on the 15 national planning scenarios and address both targets and tasks as outlined by the Department of Homeland Security.

This is an advanced course which also uses the custom web based training and simulation environment, Chelsea County USA. Participants will have the most success if they have previously completed ICS 300 and have a strong understanding of the usage of the incident command system in both expanding and complex incidents.

Prerequisites:

ICS 300

There is no registration fee for attending; NEMA is **not** providing room, board or mileage to attend this course.

Class size is limited to 24participants.

Priority will be given to Emergency Managers and policy group members. Please register for locations nearest your jurisdiction.
